Funds Management

The Funds Management business supports new and emerging investment platforms through their launch and growth phases. Funds Management builds on the Company's success in Investment Management supports the move towards a leader in alternative investing. Leveraging the Group's rich business heritage, global network, and strong financial

position, Funds Management provides managers significant investment capital as well, operational, and financial support to grow their portfolio. In addition, this platform gives investors access to multiple boutique fund managers through an institutional platform backed by a premier listed financial services company.

Portfolio management

In the investing journey, investors should start by constructing a portfolio that accommodates their investment objectives and risk profiles. However, setting up the initial asset allocation is merely a starting point. It is equally important to regularly rebalance the portfolio to ensure the asset weightings are consistent. Overlooking the need to rebalance the portfolio can prevent investors from achieving their long-term investment goals. Market changes shift portfolio away from initial objective

In an investment portfolio, the relative weights of different asset classes may change due to market fluctuations, which lead to a shifted asset allocation that deviates from the original target. In this case, rebalancing the portfolio will mean restoring the weightings of portfolio assets to the original designed levels. EXPLORE INCOME POSSIBILITIES.

Our company believes that when a team outperforms expectations, excellence becomes a reality.

A solid pool of liquidity for the company's operations is provided by attracting private investments. By allocating a part of its profits to its investors, Staslar Limited provides the company's professionals with the necessary funds to carry out trading transactions, investments, and conversions. Thanks to this, you can distribute funds in various directions and not miss profitable projects and deals. Our approach to active investment management is based on an investment process that fully integrates sustainability analysis into our decision-making and is focused on long-term performance.

Our investment process underpins our differentiated thinking about the dynamics that drive and influence the performance of portfolios. We construct portfolios of sustainable markets with the confidence derived from our deep research and analysis.

- Making responsible investment decisions
- Holding ourselves to the highest ethical standards
- Respecting the interests of our clients and stakeholders

PROFITABLE INVESTMENTS FOR INVESTORS

Staslar Limited has sought to align our interests with those of our investors, investment partners, and employees. This has allowed us to proudly build and maintain a culture of ethical behaviour, transparency, and social responsibility in both our

Investments and our operations. By performing a wide range of operations, Staslar Limited makes profits from different diversified sources like trading operations on the cryptocurrency and currency markets, dividends from the implementation of successful start-ups, and commissions for exchange operations for large legal entities.

We are committed to helping you achieve better outcomes...the way you define them. We get there by empowering diverse perspectives and breaking through boundaries. We are collaborative and connected—and we never stop working for you.

Serving Our Clients

We work every day to earn our clients' trust, whether they are individual investors or the world's biggest institutions. By tapping a global network of diverse perspectives, we design innovative solutions tailored to meet investors' unique needs and engineered to deliver the performance they expect. We offer sophisticated wealth-planning tools and expert advice

for high-net-worth individuals, families and smaller institutions, helping investors make their money meaningful.

Our financial team also includes specialists who are experts in evaluating new private businesses called start-ups, which have most chances to grow into large-scale and highly profitable enterprises. The idea is very simple: every business needs starting capital to go through bureaucratic formalities, rent premises, purchase equipment and other assets, hire employees and so on. As a rule, start-ups do not have sufficient funds to afford everything they need for effective activity. Banks are quite prudent to “newbies”, so it is often very difficult to borrow as much as necessary from banks.

designed to minimize tax exposure. Our in-house specialists hold qualifications in Law, Accountancy, Investment Banking and Property and use their broad and extensive knowledge to deliver practical and tax-efficient solutions for our clients.
